- We want to keep your littles safe. - Now, for the REALLY sad part: There will be no samplers available for sniffing or trying for all the obvious reasons. I may be able to send one or two sample paper aroma strips home with customers if there is time for me make one up for you.
- Checking out: Bring items to the table under the mirror by the restricted area near cash counter and studio. I will ring your items up, and take your payment to the register for processing.
